## 100 for \$100 in 100 Days

### Batavia High School Chapter – Great Oaks Satellite

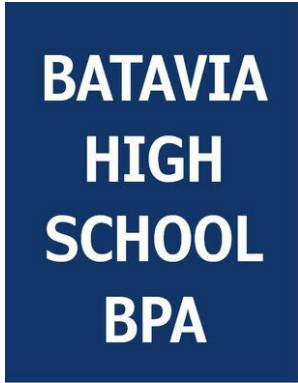

Would you like to help build a stronger, more marketable workforce in the tristate region?  
Partnering with our BPA chapter is a great place to start.

Batavia High School BPA is an association of students preparing for careers in administration, business management, information technology, and finance. Our mission is to contribute to the workforce through the advancement of leadership, citizenship, academic, and technological skills.

We have several self-funded authentic learning experiences each year – including regional, state, and national competitions. Our goal for 2023 is to find 100 businesses or individuals to sponsor our chapter with a \$100 donation in 100 days.

Sponsorships will offset competition costs for students and their families.

Student Expenses	Sponsor Benefits
